So where exactly should we enter?

Not another summary. A direct answer.

The opportunity is not to keep fighting in the crowded traditional shooter market, but to win through three shifts: perception, genre, and platform.

01

Perception Reset

FROM

the crowded traditional competitive shooter market

↓

TO

a youth entertainment and social market

02

Genre Innovation

FROM

a race of pure development capability

↓

TO

competition around a UGC-driven creative ecosystem

03

Platform Innovation

FROM

PC-led cross-platform extension

↓

TO

a mobile-first three-platform experience
